UNT SILVERSMITHS

A GLORIOUS HISTORY

GEORGE COLBY LUNT

A FAMILY TRADITION

For more than a century, Lunt Silversmiths has maintained a proud silversmithing tradition. No craft in America today is so rich in tradition or has such a well-preserved heritage as silversmithing. Fine silversmithing is as much an art as it is a trade with skills passed from father to son, one generation to the next.

George Colby Lunt was born in Newburyport, Massachusetts on December 30, 1864. He began his silversmithing career as an apprentice engraver at the jewelry store N. & T. Foster. He later joined A.F. Towle and & Son in 1882 and studied design and modeling in Boston with the sculptor, Max Bachman.

Rogers, Lunt and Bowlen Company was incorporated in Greenfield, Massachusetts soon after the failure of A.F. Towle & Son in 1900. There, Lunt began crafting sterling flatware, holloware, and giftware of impeccable quality and classic style.

Established in 1902, we are proud to carry on over 100 years of the American silversmithing tradition.

Dear Mr. Lunt:

It was a great pleasure to meet you -- and a very real privilege to hear you talk about silver. We said afterwards how much you made the craft of silvermiths into "one world" as you described and related the silver designs of the various nations.

I hope we meet again.

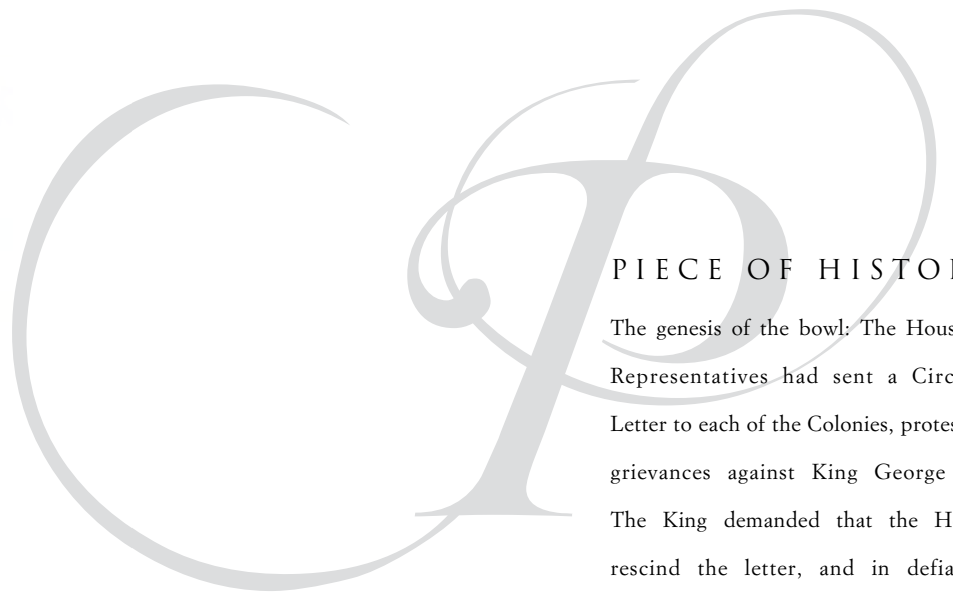

Sincerely yours,
Virginia Grimes

PIECE OF HISTORY

The genesis of the bowl: The House of Representatives had sent a Circular Letter to each of the Colonies, protesting grievances against King George III. The King demanded that the House rescind the letter, and in defiance, 92 members voted NOT TO RESCIND. In grateful recognition, 15 members of the Sons of Liberty, whose names are engraved around the rim of the bowl, commissioned Paul Revere to fashion a special gift... this bowl. It was presented to the Massachusetts House of Representatives in 1768.

The Liberty Bowl, as it became known, is the only piece of silver which commemorated the birth of a nation and is a priceless historic relic, as well as a thing of beauty. The inscription on the far side of the bowl, in a circular medallion, reads "No. 45/Wilkes & Liberty."

PRODUCT INFORMATION

PRODUCT KNOWLEDGE

STERLING SILVER

Sterling silver is a precious metal, containing 925 parts of pure silver and 75 parts of an alloy. All sterling products are either stamped Sterling or .925 on the back.

SILVERPLATE

Silverplate is a term for metal products made from a base metal that has been coated with a layer of silver.

HOLLOWWARE

Occasionally sterling silver and silverplated tableware is referred to as holloware. This refers to anything that you can serve from such as trays, bowls, pitchers, coffee pots, tea pots, trivets, frames and candlesticks.

HOSTESS SETS

Hostess sets traditionally include: a butter serving knife, a sugar spoon, a dessert server, a cold meat fork, a tablespoon and a pierced tablespoon (or a gravy ladle). Additional place and serving pieces are available (oyster forks, demitasse spoons, asparagus servers to pie servers, ice scoops, cream soup spoons and more).

STERLING SILVER CARE

We suggest everyday use as sterling finish becomes better with age, fine wine and the good life as we know it.

RECOMMENDED CARE

The best way to eliminate the need to polish your sterling is to use it every day.

If you do not use your sterling items regularly:

- ✘ Store away from air in a silver chest or drawer lined with a tarnish-preventing cloth
- ✘ After use, wash sterling promptly in hot, soapy water. Rinse thoroughly in clean hot water and dry immediately.
- ✘ If washed in a dishwasher make sure the silver does not touch other objects. Remove before the final drying cycle and dry by hand.
- ✘ Polish sterling as needed with a good quality silver polish. Avoid using dips as they may remove the oxidation that adds to the contrast of some designs.

SILVER ADJUSTMENT FACTOR

Lunt Silversmiths reserves the right to adjust net prices at any time based on the impact of fluctuating silver bullion pricing.

ENGRAVING SERVICE

OUR CUSTOM AND HAND ENGRAVING SERVICES

THANK YOU

We'd like to express our deepest gratitude to the fine silversmiths over the years who have contributed their craftsmanship, knowledge and passion for timeless silver.

Special acknowledgement to Richard Arling for his 35 years of magical photographs for the New England Silver Industry. His mastery of silver and technical lighting has set the standard for silver photography.
